All deliveries will usually occur between 9-5 on weekdays only and you have two options:

**1 - BOOK-IN - No extra charge.** Once they receive your pallet(s), the delivery depot will contact you for you to choose a delivery day. You should receive an ETA on delivery day via email with a two hour delivery window, but we cannot guarantee this. This time might change, due to traffic, previous deliveries, etc..

**2 - PRIORITY - £12 charge,** for when you require Next Day delivery or need to have a quick, specific, guaranteed weekday booked. PLEASE SPECIFY THE DAY YOU REQUIRE IN THE COMMENT SECTION.

Priority Next Day delivery for full pallets of 35 square metres (or multiples thereof) must be paid for and booked in before 3pm.

Priority Next Day delivery for any other amount (delivery including a shortened pallet,i.e. any amount other than the above) must be paid for and booked in before 10am.

Priority next day delivery excludes weekends and some parts of the country (including most areas of Scotland).
